FOR LASTING BEAUTY AND PROTECTION

TROWEL ON

**A tough, beautiful & long
lasting textured finish.**

TRANSFORM YOUR SPACES

Textured finishes can add contrast, personal style, and a sense of character to any décor, transforming ordinary walls into something spectacular. In addition to its beauty, Berger Trowel-On textured finish provides diversity and versatility in its ability to mask minor surface imperfections and undulations. Combined with its ease of application, range of colours, and resistance to harsh tropical conditions, Berger Trowel-On continues to be a popular solution and cost-efficient choice for commercial and residential applications.

BERGER Trowel-On is a professional, high performance product for concrete walls, drywall, ceilings, and primed wood. Available in a range of standard and custom colours.

With over a hundred years of combined experience, the Berger Technology Team keeps abreast with cutting-edge advances to ensure that BERGER Trowel-On continues to be an excellent choice inside and out, for builders, architects, and designers across the region.

THERE ARE MANY REASONS TO USE BERGER TROWEL-ON TEXTURED FINISH

For over thirty years, professionals and homeowners alike have come to rely on BERGER Trowel-On because of its decorative appeal, long-term durability and ability to add character to otherwise new or old surfaces at minimal cost.

ENHANCED PROTECTION AGAINST THE ELEMENTS

BERGER Trowel-On is designed to protect against Caribbean weather, fungus and algae. This beautiful textured finish is formulated to last for years.

PROVIDE VERSATILE FINISHES

BERGER Trowel-On has different grades of finishes (based on country) and is excellent on ceilings, interior and exterior surfaces, primed wood, wallboard, plaster, drywall, gypsum and masonry (cement/blocks).

SAVE TIME & MONEY

BERGER Trowel-On can be applied directly to well-prepared, new surfaces, providing both colour and topcoat in a single application, resulting in quick completion of residential and commercial projects at reduced cost.

EXCELLENT DURABILITY

BERGER Trowel-On has superior toughness, requiring little maintenance, apart from an occasional power-washing and/or repainting, to update and refresh the colour as desired.

BERGER TROWEL-ON Finishes

Decoration meets protection with BERGER Trowel-On. These elegant designs give dimension and structure to create a pattern that can be applied to interior and exterior surfaces resulting in a distinct high-performance textured finish.

*The shades shown throughout this book are indicative only. Please refer to the BERGER Trowel-On Fandeck for the actual shades. Design finish may vary based on surface preparation, application and grade of texture. Custom colours available upon request.

BERGER TROWEL-ON

TROWEL-ON is a one-coat application that gives an attractive textured finish to your surfaces. It is ideally suited to mask imperfections and hide irregularities of the substrates. To refresh or renew aged textured coatings, BERGER recommends Royale Luxury Interior Emulsion for interior surfaces. For additional protection, overcoat using BERGER Weatherproof Ultra. Other options include BERGER 303, BERGER Brushing Solution & BERGER Everglow.

PRODUCT CHARACTERISTICS

- 1 Excellent resistance to algae and mildew.
- 2 Touch dry in 15 - 30 minutes. Hard dry in 24 hours.
- 3 One coat application.
- 4 Excellent opacity.
- 5 Fills surface imperfections.
- 6 Tough, long life, decorative appeal and all round adaptability.
- 7 Available in select shades, call the experts at Berger for range of colours.

CAUTION:

Keep out of reach of children and pets. Product may be harmful if swallowed. Ventilation is required during application. Not Flammable.

SURFACE PREPARATION

- » **RENDERED, CONCRETE AND OTHER BUILDING Substrates:** Should be dry and free from surface contamination e.g. efflorescence, loose or peeling paint.
- » **PREVIOUSLY PAINTED SURFACES:** Should be clean.
- » **GLOSS & EGG SHELL SURFACES:** Should be abraded.
- » **FRIABLE AND FLAKING SURFACES:** Should be wire-brushed to sound surfaces.
- » **NEW SMOOTH CONCRETE:** Must be etched, using Berger Concrete Etching Solution. Rinse surface after 30 minutes and allow to dry before applying Berger Trowel-On.

APPLICATION

TO BE APPLIED BY A TRAINED PROFESSIONAL, USING A PLASTERING TECHNIQUE IN TWO STEPS:

1. Use clean tools and equipment always.
2. Using an appropriate Float, the product should be floated evenly over the surface of the substrate.
3. Allow to set for 3-15 minutes.
4. Trowel can be used to create a pattern to the surface.

BERGER TROWEL-ON ESTIMATOR

We recommend that you consult a hired professional applicator to measure and quantify.

TEXTURE	COVERAGE (SQ. FT. / 18.9L)	AVAILABLE REGION:				
		JAMAICA	TRINIDAD & TOBAGO	BARBADOS*	GRENADA	GUYANA
Fine	150-170 sq. ft.	✓	✓	✓	✓	✓
Medium	120-140 sq. ft.	✓				✓
Coarse	90-110 sq. ft.	✓	✓	✓	✓	✓

BERGER PAINTS recommends ordering the full quantity required for the project, to ensure consistency of colour. If ordering in phases, keep a retained sample of the actual product used, to ensure an exact colour match. Consider the nature of the application, skill of the applicator in the estimates and allow for wastage in addition to any unexpected work which may require re-application.

*Product viscosity varies based on region.
